SEATTLE TIMES, APRIL 4, 1950

**MORE THAN HALF COMPLETED:** The exterior of the new Veterans Administration Hospital on Beacon Hill is nearing completion, and the building as a whole is 67 per cent completed. The eight-story structure will accommodate about 300 beds. It is of concrete and steel construction, with brick facing. The construction contract, which was for \$6,077,000, plus a \$240,000 elevator contract, called for the building to be ready for acceptance by the Veterans Administration in November. It is being built by the Sound Construction & Engineering Company, under the supervision of Army Engineers.

## 25.12.020 - Purpose and declaration of policy.

- A. The City's legislative authority finds that the protection, enhancement, perpetuation and use of sites, improvements and objects of historical, cultural, architectural, engineering or geographic significance, located within the City, are required in the interest of the prosperity, civic pride and general welfare of the people; and further finds that the economic, cultural and aesthetic standing of this City cannot be maintained or enhanced by disregarding the heritage of the City and by allowing the unnecessary destruction or defacement of such cultural assets.

“...IN THE INTEREST OF THE  
PROSPERITY, CIVIC PRIDE AND  
GENERAL WELFARE OF THE PEOPLE...”
